A voice for Salt

Salt is a coastal neighborhood kitchen with a generous table and a menu shaped by the season. Its website opens as a printed menu spread, pairing dish names, prices and ingredient notes with an overhead plate of garlic prawns. Tomato-red edge tabs make lunch, dinner and drinks easy to explore, while navy rules and cream paper bring the warmth of a restaurant menu into the page. A scallop-shell symbol connects the identity to the coast. Kitchen photographs continue the story, and a receipt-style table planner keeps the practical details close. The experience puts appetite, good company and clear information at the center.
